Character-Building Individualized  
Curriculum and Programs...

In 1970 we recognized that children are unique and learn in different ways. We also realized that education apart from Biblical values is not true education. Since then, A.C.E. School of Tomorrow has endeavored to provide quality, individualized, Biblical character-building educational materials to families around the world. We appreciate the opportunity to help in the education of your children. You will find the proven, highly successful A.C.E. School of Tomorrow program to major on these distinctives:

- Foundation of Scripture, with Biblical principles, wisdom, and Godly character-building content
- Recognition of the God-given uniqueness of the individual
- Placement of child at exact academic ability by diagnosis and prescription using the individualized approach to learning
- Incorporation of personal goal setting, accountability, motivation, and academic excellence
- Excellence of learning through self-instructional and mastery-based academics
- Development of critical thinking skills
- Utilization of multimedia and computer technology
- Encouragement of parental involvement

We appreciate your commitment to the Biblical education of your children and look forward to serving you and your family.

At A.C.E.<sup>®</sup> our purpose goes beyond helping students meet academic requirements. We aim to cultivate a lifelong desire to learn and grow by providing both strong academics and intentional character training.

That's why we have invested extensively in educational tools that equip children to think critically, act responsibly, and live wisely. Each unit includes all three levels of the learning process—knowledge, understanding, and application. Our individualized curriculum introduces concrete and abstract reasoning skills at appropriate ages, with vocabulary that progresses from simple to complex and with key concepts presented several times to assure mastery.

## *...from our heart*

Diagnostic placement testing ensures that students begin at the exact point of their academic needs. Diagnostic testing determines if there are any “learning gaps.” Students can simply fill in the “learning gaps” without the stigma of “failing” a grade or falling behind.

Character traits, like kindness, loyalty, and honesty, are presented within the curriculum, whether it is math, English, history, or whatever course the student takes. Students observe character development in the character strips and then apply the character lesson to their own lives.

This unique combination of academics and methodology, based on physiological development patterns and Biblical principles, sets the A.C.E. curriculum apart from all other curricula. It provides mastery learning, critical analysis, conceptualization, cognitive reasoning, and life from God's perspective. These distinctives make A.C.E. School of Tomorrow one of the most advanced educational packages available.

A.C.E. provides flexible options for homeschool families. Your family may decide to join our homeschool academy, where parents retain the freedom of homeschool while receiving the full service of a school administration office. Autonomous home educators may wish to make their own selection from the extensive array of A.C.E. materials and manage their own homeschool administration. Whatever you desire for your family, A.C.E. School of Tomorrow has the homeschooling answer for you!

## Lighthouse Christian Academy

### What is LCA?

LCA is an accredited distance-learning academy serving thousands of students each year.

Established in 1978, LCA has seen thousands of graduates. While each graduate has different academic goals and ambitions, all are given the opportunity for a lasting and meaningful relationship with Christ.

LCA offers individualized, quality customer assistance. The professional and helpful staff at LCA strives to make homeschooling a blessing to your family.

### Testimonials

“My LCA advisor has benefited our family so much. Your curriculum and program design has allowed me to be a parent again. Thank God for LCA!” - Mom/Ohio

“We are so happy with LCA. My thirteen-year-old is moving forward and catching up quickly. She loves the PACes and wants to use the A.C.E. program for high school.” - Mom/Georgia

“We are so blessed to be able to use a Bible-based, Christ-centered curriculum. I thank God for LCA and for all those families who are brave enough to be standard-bearers in this generation.”  
- Parent/England

ACCELERATED CHRISTIAN EDUCATION MINISTRIES

## Let Lighthouse Help You Homeschool

**Lighthouse Christian Academy provides:**

### **Simple Record Keeping**

Permanent student records are maintained based on tests and grades submitted by the parent. Progress Reports (Report Cards) are prepared and sent to the parent at the end of each semester.

### **Academic Advisor**

Upon enrollment in Lighthouse Christian Academy, your child is immediately assigned an experienced academic advisor.

### **Life Skill Training**

Students are taught Godly character traits through the curriculum and personal responsibility through setting goals. Your student will know how to break down each assignment, set reasonable goals, and accomplish each task in a timely manner.

### **Option to Earn College Credit**

Accelerated College of the Bible International allows LCA students to dual enroll and earn college credits while in high school. ([acbi.org](http://acbi.org))

### **Accredited Diploma and Official Transcript**

Enrolled students who meet the graduation requirements of LCA are awarded an accredited high school diploma. Official transcripts are sent to schools and colleges upon request.

- Math
- English
- Word Building
- Reading

The A.C.E. diagnostic program tests students, SCORES IMMEDIATELY, and correlates skills with the scope and sequence for accurate placement in the curriculum. The labor saved by immediate scoring and the peace of mind that results from accurate placement are priceless, but . . . there's MORE!

This placement tool contains programming for the complete battery of tests—math, English, reading, and Word Building (spelling).

**PLUS A FREE EVALUATION OF TEST RESULTS!**

## Diagnostic Testing on Paper

(For students who know how to read)

- Math
- English
- Word Building (Spelling)
- Reading (Social Studies, Science, Bible Reading, and Literature and Creative Writing)

Using the paper version, the test proctor scores the tests, evaluates the results, and correlates skills with the scope and sequence for accurate placement in the curriculum. Proper academic diagnosis and prescription is vital to a student's success and cannot be emphasized too much. If weak areas are evident from the testing session, appropriate "gap" PACEs must be prescribed to strengthen specific skills.

# What is a PACE?

A.C.E. School of Tomorrow has taken the conventional textbook style and divided it into bite-sized, achievable worktexts called PACEs. Each PACE is more or less equivalent to a chapter in a textbook. Each level consists of 12 PACEs in each subject.

PACEs integrate character-building lessons into the academic content. Carefully designed to develop thinking skills and create mastery learning, PACEs have many unique features.

Students begin their PACE work by reciting their goals—the concepts they will learn, a Bible verse, and a corresponding character trait. From the very beginning they know what is expected and they assume the responsibility for their own learning!

Throughout the curriculum the introduction of new words is vocabulary controlled so that no word is used without the student first learning its meaning.

Full-color explanations and illustrations add excitement to each lesson. Innovative learning activities reinforce the interesting text material.

The Checkup is a minitest covering a section of the PACE. If mastery in an area is not achieved, the Checkup will reveal weak areas. In unusually challenging concepts, student and instructor can take the time necessary to review and learn those concepts.

Visualized vocabulary to increase reading level and comprehension

Goals clearly defined

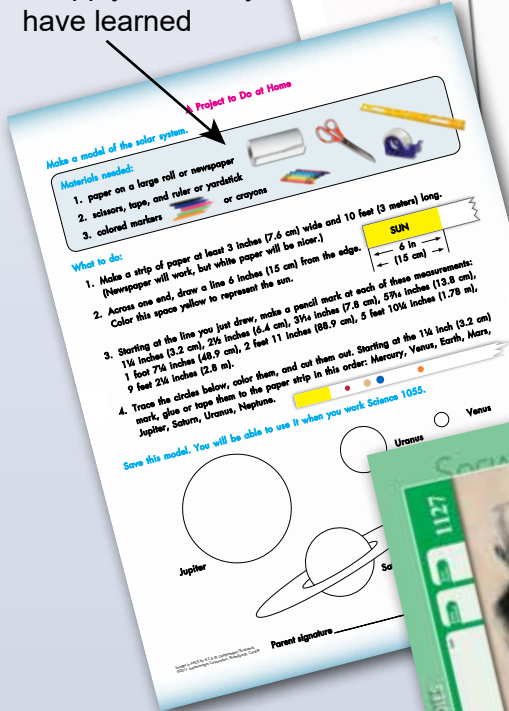

Checkups to reveal weak areas

Creative writing and character development applications integrated with academic lessons

Hands-on social studies and science projects allowing students to apply what they have learned

Upon completion of the activities and Checkups, students prepare to take the Self Test—a practice test. Here students evaluate themselves to determine readiness for the final Test. When the Self Test is successfully completed, the student turns in the PACE and takes the final Test the next morning. The final Test objectively measures student mastery of the material.

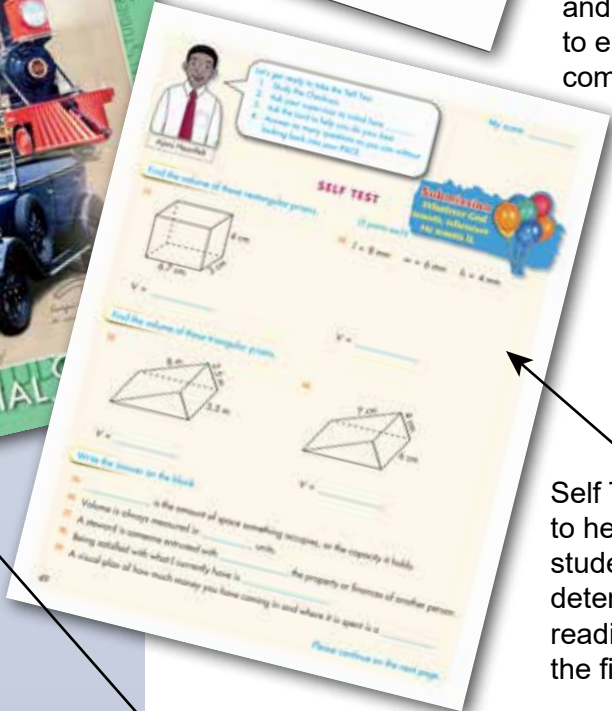

Since 1970, in homes and classrooms around the world, PACEs have proven to be effective tools in achieving academic excellence.

Students continue building fine motor skills, particularly in lower levels

Lessons presented with exciting illustrations and written to ensure comprehension

Self Test to help the student determine his readiness for the final Test

Test to measure student mastery of material studied

# Ideal Biblical character traits form the basis for Godly character development

- Traits are emphasized in every PACE.
- Ninety traits are presented multiple times throughout the curriculum.
- Repetition from level to level reinforces each trait.
- Illustrations, activities, and testing help the student gain an understanding of each trait.
- Fourteen main cartoon characters portray Biblical character traits throughout the PACEs.

## Biblical Character Traits

- Affectionate
- Appreciative
- Attentive

A specific Scripture that demonstrates the character trait is presented on the goal page.

Poetry from character songs reinforces the character trait that appears on the goal page.

To develop character is a PACE goal.

For emphasis, the character trait is practically applied.

The student is given opportunity to state how he has demonstrated character.

Creativity in visualizing character is encouraged.

Character trait is named and illustrated in story form.

Godly character development is the common thread woven throughout the entire fabric of the A.C.E. curriculum.

### Linking Verbs

Verbs that show state of being are called linking verbs.

We have learned that verbs showing action or ownership are called action verbs.

Notice: We always use a helping verb with be, being, and been.

Draw red lines under the linking verb in each sentence. Study this example. Pastor Gentle is my favorite preacher.

**A Young Widow Receives Consideration. (Ruth 1:19-2:23)**

- (1) After a long journey, Naomi and Ruth were in Bethlehem.
- (2) The people are eager to question the weary women.
- (3) Is this Naomi, the wife of Elimelech?
- (4) Their return was the time of barley harvest.
- (5) Is diligent Ruth in the barley field?
- (6) I am happy to read of her consideration for Naomi.
- (7) Such a daughter-in-law is a joy to the widowed Naomi.
- (8) Ruth is willing to earn food for her mother-in-law.
- (9) Boaz and the workers are considerate of her.
- (10) Boaz's kindness was special and for a reason.
- (11) This rich man was a kinsman of Naomi.
- (12) Handfuls of grain were gifts especially for Ruth.
- (13) Were Naomi and Ruth joyful over the barley?
- (14) They were thankful to the Lord for His blessing.
- (15) Ruth was in the field until the end of the harvest.

Find these three Scripture verses in your Bible and read them. Then underline the reference of the verse that tells us to be considerate. Psalm 41:1

Boaz was considerate in making sure Ruth had water to drink. ... when thou art sowing, go into the sheaf, and drish of that which the strong man hath drawn. Ruth 2:9

**A Surprise for the Virtuosos**

Mrs. Virtuosos is talking with Mrs. Allruth on the telephone. "That is right, Mrs. Allruth. The twins will be ready. All we need now are the cribs. As you know, our space is limited. We are putting them both in one crib, but we have no peace about that." Mrs. Allruth says, "Don't worry for your concern. We do appreciate your prayers."

After Mrs. Allruth's home that afternoon, Mrs. Allruth is eager to share with Pastor Allruth a possible solution to the Virtuosos' need. "I have been able to get the approaching arrival of the twins off my mind. I have been asking you for ideas I believe is from the Lord." Mrs. Allruth asked the pastor curiously, "Dear?" "As you know, there is an extra set of double-decker cribs in the church nursery. They were missionaries from our church, this would be something we could use for the Virtuosos' door. After the usual greetings at the door, Mrs. Allruth and Pastor Allruth carry the unassembled cribs to Ace's room, Mrs. Virtuosos is very happy to see them. "I am so grateful for a church family that practices the trait of consideration all of you are showing."

# Kindergarten with Ace and Christi

Believing that **reading is the doorway to education**, the A.C.E. School of Tomorrow program offers several avenues by which children and adults can learn to read or increase their reading ability.

The ABCs with Ace and Christi Pretest is given to all children who have never been to school or who do not know how to read. The result of the test determines the child's individual placement in the program.

In the 1930s and 1940s, most children learned to read by studying phonics. Then schools began using the “look-say” or “whole language” method. It was thought this would help students learn faster, but such was not the case. Conclusive studies demonstrate that children and adults who learn phonics learn to read better and faster than those who do not receive phonics training. A.C.E. incorporates the phonics method in all its reading courses. **Children who pass the ABCs with Ace and Christi Pretest should enter the ABCs with Ace and Christi program, while students who do not pass should enter the Kindergarten with Ace and Christi program.**

## Kindergarten with Ace and Christi (36-week program)

This kindergarten program features a complete scope and sequence of concepts and skills needed to prepare children to read. Sixty PACEs (2,000 pages) filled with animal pictures, activities, and full-color picture stories encourage a child to want to read. He will also learn social skills, the wonders of God's world, and the reality of God's love. Another feature for you, the parent or instructor, is the easy-to-use format for guiding children from pretesting through a kindergarten graduation program.

Presents sets and association concepts

Visualizes instructions for early awareness

Develops sequencing skills, stresses letter sounds, and promotes auditory processing

Improves eye-hand coordination and visual perception

# Kindergarten with Ace and Christi SET

The Kindergarten with Ace and Christi set includes:

- Daily Instructional Manuals I, II, III, and IV
- Display Cards (36)
- Number Train Cards (11)
- *Salvation Songs for Children—Select Edition*
- Student PACE Set (60)
- Student Set (Coordination Development Tests, Growth Chart, Bible Stickers, Stars, Master Record Sheet, and Progress Report)

These items along with the Kindergarten PACEs may be purchased separately.

A four-volume daily instructional manual covers 36 weeks and utilizes all the developmental skills.

Songs reinforce phonetic sounds, enhance long-term memory, and encourage motor coordination.

Scan the QR code for instant access to songs.

Animal-sound display cards build visual recognition and correlate stories to letter sounds.

Number train cards visualize counting and emphasize number recognition.

*Salvation Songs for Children—Select Edition* includes over 100 favorite childhood songs.

# ABCs with Ace and Christi (Level 1)

The ABCs with Ace and Christi Pretest is administered to students who have never been in school or who do not yet know how to read. Children who pass the test are generally ready to read. These students can begin the ABCs with Ace and Christi program. (One-half of 5 year olds and most children below the age of 5 are not physically ready to learn the skills involved in reading and will benefit more from the Kindergarten with Ace and Christi program.)

This multi-sensory, phonetic reading program is designed to prepare a child for the individualized instruction of the PACE curriculum. (The program should be attempted only after children have been diagnosed by the ABCs Pretest.) Within a period of 12 to 15 weeks of tutoring, your child will learn to read by becoming acquainted with cartoon animals, songs, and stories, which help him learn letter sounds, alphabet sequence, and word relationships. Physical and character development skills are built through poems, displays, and various physical activities. Following this 12- to 15-week tutorial program, the child is ready to begin the journey of the self-paced individualized program.

Note: If a child passes the ABCs with Ace and Christi Pretest at age 5, he is considered in first level.

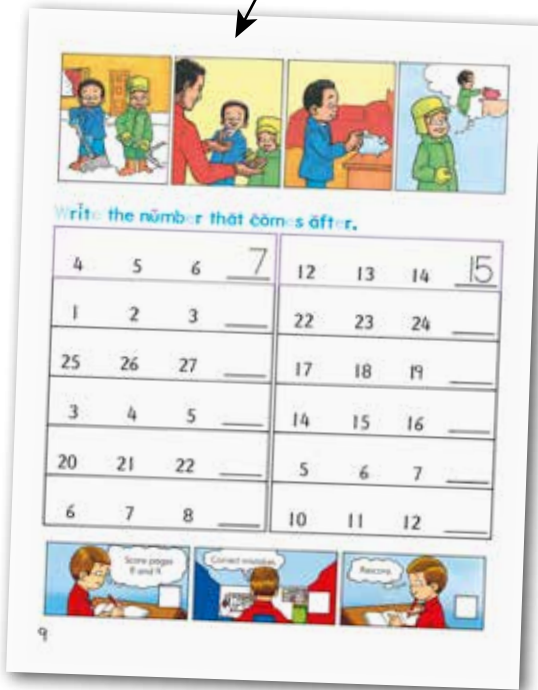

Activities reinforce the alphabet sounds.

A two-volume daily instructional manual contains detailed step-by-step, easy-to-follow, complete plans for each day. Enjoy watching your child learn to read!

Frequent cartoon illustrations capture interest and reinforce the character trait.

The First Level reading program set includes:

- Daily Instructional Manuals I and II
- Display Cards (large)
- Flashcards (small)
- Tactile and Kinetic Cards
- ABCs Pretest
- *Salvation Songs for Children—Select Edition*

## English

Students continue to work at identifying, reviewing, and diagramming simple, compound, and complex sentence patterns. They review principal parts of regular and irregular verbs. Verb study involves perfect tenses as well as conjugation of all six tenses. Progressive verb forms, troublesome verbs, transitive and intransitive verbs are studied as well. Noun and pronoun study becomes more intense. Infinitives, participles, and gerunds are introduced. Writing skills are expanded through sentence variety, outlining, paragraph and composition writing, and proofreading.

## Social Studies

This Career course provides an excellent overview of major career and ministry opportunities. Students will learn the gifts and skills needed, as well as the educational requirements expected, for each lifework goal. This course focuses on encouraging students to find God's will for their lives, follow His leading, and be Godly testimonies in their chosen professional or God-called ministry. (The second half of this level allows for the appropriate state history course. Texas [below] and Florida [see page 23] residents order from A.C.E. Other states should visit [aceschooloftomorrow.com/free-resources](http://aceschooloftomorrow.com/free-resources) for the State History Research Project.)

A Godly perspective and guidance to career choice and success

Learning about animals in a storybook format and from a Biblical perspective

## Science

These life science PACEs introduce and prepare students for more advanced biology. The student learns about the habitats and characteristics of plants and animals along with ecology and God's balance in nature. The interrelationships between organisms are discussed. The attributes essential to life are seen in relationship to the Bible and Biblical Creation.

## Word Building

Your student will learn 65 spelling words in each PACE as he learns to use the dictionary as a study tool. Among these words are homophones, Greek root words, heteronyms, and words with prefixes and suffixes. Wise sayings that illustrate spelling rules are used throughout each PACE. Students learn syllable division rules as well as how to recognize accented and stressed syllables.

# Level 8

Keep student focused on learning by allowing him no more than **three weeks to complete** each PACE and take the Test.

Appropriate illustrations to explain the text and provide visual reinforcement

Outstanding art introduces many PACEs and draws the student into the academic content

## Math

In Level 8 the student . . .

- Reviews basic number theory; mathematical terms and operations; and basic geometric concepts, symbols, and shapes.
- Uses a protractor and compass.
- Learns to find perimeter, circumference, area, and surface area.
- Converts from binary and octal number systems to the decimal system.
- Gains mastery of exponents.
- Learns to simplify radicals and estimate the value of numbers that are not perfect squares.
- Adds, subtracts, multiplies, and divides monomials and polynomials.
- Uses equations to solve word problems.
- Expands his knowledge of ratios and proportions.
- Uses the Pythagorean Theorem.
- Finds the number of permutations and combinations using factorial notation and combinations using Pascal's Triangle.
- Graphs points, lines, linear equations, translations, reflections, and rotations on a coordinate plane.
- Expands his knowledge of business and consumer mathematics.

## CUSTOMER SERVICE

### CLAIMS

We take great care in filling, checking, and packing your order. However, sometimes errors are made.

1. **PACKING LIST** – Verify with order upon receipt. Backorders will be shipped when available. A.C.E. will absorb shipping costs on backorders.
2. **MISSING ITEMS** – Contact Customer Service within 10 days of receiving your order to report any missing items.
3. **DEFECTIVE MATERIALS** – Items will be replaced at no charge. Contact Customer Service identifying the materials and type of defect.
4. **LOST SHIPMENT** – If the entire shipment or partial shipment has not been received, contact Customer Service.
5. **DAMAGED SHIPMENT** (Damage discovered at delivery or before opening the box) – If your package arrives visibly damaged or appears tampered with, contact A.C.E. Customer Service immediately. Do not file a claim with the carrier. A.C.E. will file and manage any carrier claim on your behalf. Please keep all packaging and take photos of:
  - The outer box (all sides), including the shipping label.
  - Inner packaging.
  - The damaged area(s).
6. **DAMAGED MATERIALS** (Damage discovered after opening the box) – If damage is discovered after unpacking, contact A.C.E. Customer Service within 10 days of delivery, providing the item details and the type of damage.

Items damaged in transit by A.C.E. or the carrier will be replaced at no charge. Shipments handled by a customer-selected freight-forwarding company are the customer's responsibility.

- Keep all packaging and the damaged materials until the claim is resolved.
- Provide photos of the damage, packaging, and shipping label.

Materials damaged by A.C.E. or the carrier will be replaced at no charge. Materials that were altered or damaged by the customer or by a customer-selected freight-forwarding company will be the customer's responsibility to replace.

### RETURNS

1. A.C.E. accepts returns from customers for materials purchased within the last 90 days. Materials must be returned in saleable condition, unmarked, unstamped, with no sign of shelf wear. **Note: If Test is removed, PACE is nonreturnable; if Test Key is removed, Score Key is nonreturnable.**
  - A 20% restocking fee will be charged for each return.
  - Small amounts and frequent returns are discouraged. For example, returns with less than \$75 total value will incur a minimum \$15 restocking fee.
  - Not acceptable for credit are the aceconnect access fee, ePACEs, School Management, training materials, printed forms, and individual components of sets or kits.
2. **PROCEDURE** – Contact Customer Service for a Return Merchandise Authorization (RMA), and include it, with the invoice, in the package being returned. We suggest using UPS to ensure tracking of return.
  - Properly wrap, tie, and tape the carton. Newspapers should not be used as packing materials as it smears the PACEs.
  - After processing, proper credit will be applied to the customer's account and a Returns Credit Invoice will be forwarded. Please allow three to six weeks for processing.

## Algebra I

Basic algebraic concepts are introduced in a carefully structured way so as to make the learning material understandable. This curriculum includes principles for logically solving, transposing, and canceling algebraic equations.

The student works with:

- Monomial and polynomial expressions
- Algebraic addition, subtraction, multiplication, and division
- Factoring, quadratic equations, positive and negative numbers, averages, percents, interest, ratios, and proportions

ITEM NO.	DESCRIPTION	PRICE
652450	Algebra I PACEs 1097-1108 (12 PACEs)	43.20

## Biology

When God created our earth, He filled it with a vast array of living creatures. This course explores the wonders of that living Creation. Included are studies of birds, mammals, fish, amphibians, reptiles, sponges, coelenterates, mollusks, echinoderms, worms, arthropods, plants, and microorganisms. A study of the human body includes the integumentary, skeletal, muscular, nervous, circulatory, respiratory, digestive, and endocrine systems. Genetics and embryology are incorporated into the study of the human reproductive system.

Subject matter experts conduct video-lab experiments for this course. Lab activities are included in each PACE, and questions are to be answered while watching the videos. The video labs are available to watch for free at [aceconnect.com/video-library](http://aceconnect.com/video-library).

## Electives

Each high school student should add 1-2 elective courses in Level 9. Here are some suggested electives:

- Foreign Language
- Music (1/2 credit)
- New Testament Survey
- General Business
- Health (1/2 credit)
- Beginning Art

See pages 42-46 for course descriptions.

## Geometry

How were the ancient Greeks able to calculate the circumference of the Earth over two thousand years ago? With geometry. How many teens can logically come up with the answers to the problems they face from day to day? This course:

- Develops the deductive reasoning powers of students
- Reviews previously learned material
- Introduces new concepts

The student learns:

- Properties and theorems and how to use them for solving problems
- To reason logically and systematically

Prerequisite: Algebra I

## English II

Give your students experience in several areas of writing. This course begins with an intensive study of the four kinds of paragraphs and practice writing each. From there, students move on to biography and autobiography, with a detailed reading and study of two required resources, *God's Tribesman* and *The Hiding Place*, providing examples. The course also includes poetic forms and poetry appreciation, but students especially enjoy and are challenged by the study of various types of newspaper articles and techniques for writing them. Also included is practical application of library skills—how to locate and use the fiction section, reference books, and the *Reader's Guide to Periodical Literature*.

Grammar is an integral part of this course, and special emphasis is placed on correct sentence structure and noun and verb functions, including verbals.

## Physical Science

Science does not have to be mind-boggling! The physical science course presents, in clear and understandable language, an introduction to chemistry and physics. After finishing the course, the student will have a better understanding of science, and a college-bound student will have a good foundation for more rigorous chemistry and physics courses. The first PACE has a pop-out section that includes a Periodic Table of the Elements and Rules for Significant Figures.

Each PACE contains a short story interspersed between sections of the text. The story is built around an A.C.E. character who demonstrates one of the PACE character traits in a real-life situation. In each story the character shares the Gospel with someone God brings across his or her path. These stories will encourage students to be faithful witnesses for Jesus Christ.

Lab activities are included in each PACE, and questions are to be answered while watching the videos. Give your student quick, easy access to all the lab experiments by visiting [aceconnect.com/video-library](http://aceconnect.com/video-library).

## Algebra II

This advanced study in algebra includes:

- Parabolas, hyperbolas, permutations, logarithms, and matrices.

Students learn to operate with:

- Radicals, fractions, and equations
- Arithmetic and geometric sequences

The approach is practical, enabling the student to use his reasoning abilities. The program effectively equips your student with necessary knowledge to excel in the real world.

## English III (American Literature)

How has America's history affected its literature? Students find out as they follow the chronological presentation of American literature in this course. Included are Christian writers whose works are not found in most other American literature courses. Students learn how to evaluate an author's philosophy and style. Appropriate writing activities provide challenging experiences in various writing genres.

Each unit incorporates a review of grammar. Emphasis and detailed instruction are given in essay writing. Research paper preparation is explained and visualized as a step-by-step process.

## Chemistry

Students are given a solid introduction to the science of chemistry. All units view the material from a Biblical perspective and provide necessary helps. This course covers:

- Organic and inorganic chemistry
- Biochemistry
- Molecular bonding
- Chemical reactions
- Gas laws
- Electrochemistry
- Nuclear chemistry
- Balancing of chemical equations
- Periodic Table of the Elements
- Properties of metals, nonmetals, and metalloids
- Chemical equilibrium
- Thermodynamics
- Acids and bases
- Quantitative and qualitative analysis

Lab activities are included in each PACE, and questions are to be answered while watching the videos. Provide your student with the benefits of a live chemistry laboratory by visiting [aceconnect.com/video-library](http://aceconnect.com/video-library).

## English IV (English Literature)

Do your students know what constitutes good literature? They will learn as they complete our 12th level English course. All twelve PACEs provide examples and analysis of the best literature from various writers and literary periods of British literature. Students learn how to evaluate a writer's style and technique and find reading of classical works enriching and enlightening. Along with reading comes opportunity for self-expression as students write summaries, comparisons, contrasts, sketches, and evaluations. Grammar is an integral part of the course with thorough review of parts of speech, sentence structure, and proper usage. Most unique is that the text for grammar exercises provides the Biblical perspective of life principles. Writing skills are covered along with basics of speech preparation and presentation. Two hardcover resource books are required.

## Electives

Each high school student should add two elective courses in Level 12.

Here are some suggested electives:

- Foreign Language
- Christian Growth (1/2 credit)
- Collectivism (1/2 credit)
- Business Math (1 credit)

See pages 41-46 for course descriptions.

# Physics

The basics of physics are practical, interesting, and understandable in this completely self-contained course. Full of illustrations and applications, it covers:

- Measurements and mathematics
- Force and motion
- Momentum and energy
- States of matter
- Gas laws
- Heat and kinetic theory
- Radiation and nuclear energy
- Electrochemistry
- Magnetism and electrical circuits
- Light and electricity
- Optics and optical instruments
- Wave motion and sound

Lab activities are included in each PACE, and questions are to be answered while watching the videos. Give your student the opportunity to observe intricate physics experiments by visiting [aceconnect.com/video-library](http://aceconnect.com/video-library).

## ABCs for English Learners

ABCs for English Learners is a combination of Speaking English with Ace and Christi (page 50) and ABCs with Ace and Christi (page 15). A full-year program geared for ages 5 through 9, this course has been written with second-language educators in mind. Students will learn verbal communication through games, songs, stories, poems, and other activities while learning to read.

A four-volume daily instructional manual contains detailed step-by-step, easy-to-follow, complete plans for each day.

Set includes:

- Manuals 1, 2, 3, and 4
- ABCs with Ace and Christi Pretest
- ABCs Review Manual
- Tactile and Kinetic Cards (Set of 36)
- Phonics Flashcards (Set of 35)
- *Salvation Songs for Children—Select Edition*
- Math PACEs 1001-1012 (12 PACEs)
- English PACEs 1001-1012 (12 PACEs)
- Word Building PACEs 1001-1012 (12 PACEs)

Includes: Student Progress Chart (1), Coloring Sheets (45/pkg.), Post Test with Key (1), Diploma (1), Bible Stickers (30), Assorted Stars (35 of 7 colors), Goal Card (20/pkg.), Progress Report (1), Master Record Sheet (1)

The ABCs with Ace and Christi Pretest determines a child's readiness for the ABCs with English Learners program.

The Post Test evaluates reading ability and determines when the student begins first-level English PACEs.

ITEM NO.	DESCRIPTION	PRICE
60260	ABCs for English Learners Set	426.80
60265	ABCs for English Learners Training PACE	6.25
60266	ABCs for English Learners Training Score Key	2.70

*Salvation Songs for Children—Select Edition* includes over 100 favorite childhood songs.

The ABCs with Ace and Christi Review Manual is a refresher course of the alphabet and of vocabulary previously learned.

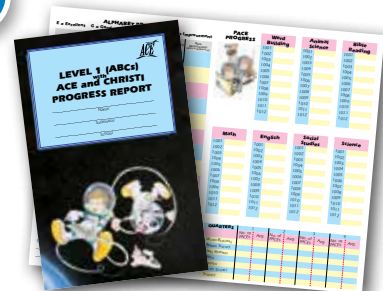

Songs reinforce phonetic sounds, enhance long-term memory, and encourage motor coordination.

Phonics flashcards build visual recognition and correlate stories to letter sounds.

Each child receives a special diploma for completion of the program.

A progress report allows objective reporting of the child's progress.

Tactile-Kinetic cards imprint the shape of the letters in the child's mind.

# Speaking English with Ace and Christi

The Speaking English with Ace and Christi program provides the means for the young school-aged child who does not speak English as his first language to become sufficiently acquainted with spoken English to prepare him for reading the English language. Speaking English with Ace and Christi includes a series of 60 lessons intended to help young children learn conversational English skills at levels appropriate for the successful comprehension of and participation in the ABCs with Ace and Christi program.

This program provides lessons for aural and oral language development, which include:

- English language for everyday listening and speaking, which will allow children to function in homeschool activities and routine.
- English vocabulary necessary for children to succeed in the ABCs with Ace and Christi program in English and in the Word Building PACEs 1001-1012.
- English communication structures, which allow children to express verbally their questions, statements, needs, and ideas in English.
- English language skills necessary for children to progress through A.C.E. math, English, social studies, and science: PACEs 1001-1012 in English.

## English As Your Second Language

This video and study guide course is geared for adult thinking at an adult maturity level. This means the student should have some degree of motivation to learn English and be willing to review a lesson until he understands it. Lessons are short and fast-paced, designed so that the non-English-speaking student can complete it in 6-12 months. By that time, he should have reached an intermediate level of proficiency. The course lends itself to a small group review or to individual use. It is self-paced, self-instructional, nonthreatening and individualized, and places no unrealistic demands on the student. Excellent for use by organizations who want to provide this as a community service, the course includes ten videos and one workbook. English As Your Second Language videos are available for free at [aceconnect.com/video-library](http://aceconnect.com/video-library).

English As Your Second Language provides:

- Intense reading and phonemic (sound system) mastery, including phonics and linguistic-type activities
- Total Physical Response (TPR) (concrete understandable English)
- Math-oriented lessons with semi-translation of numerals to communicate the names
- Presentations integrating audio, visual, and kinesthetic ways to learn whereby the student is more than a viewer, but an active participant through the variety of approaches and activities in each lesson

# Adult Literacy

## Videophonics® (Literacy Program for Ages 9 to Adult)

A.C.E. has utilized its phonics-based program to develop reading skills in students aged 9 through adult. The Videophonics literacy program uses videos and workbooks to give English-speaking students the necessary tools to be able to read. The program includes letter sound exercises, blending exercises, practice exercises, and applications of reading and writing skills. Research proves that 76 percent of Americans learn better visually than verbally. The combination of video with a time-tested phonics method makes learning to read easier. Videophonics videos are available for free at [aceconnect.com/video-library](http://aceconnect.com/video-library).

## Set Up Your Record-Keeping System

The **Goal Card** is where the child enters the exact PACE page numbers to be completed each day in each subject.

The **Student Progress Chart** is a motivational tool on which the child places colored stars in the appropriate spaces upon successful completion of a PACE.

The student **Progress Report** (report card) and the **Master Record Sheet** are to be filled out by the parent. The Master Record Sheet is a multipart form used for maintaining or reporting each child's records. PACE Test scores are recorded on the Master Record Sheet upon completion of each PACE Test; then scores are transferred to the student Progress Report card quarterly.

The **Academic Record** serves as a transcript for families who keep their own records. Information to be added to each student record includes achievement test scores, mental maturity records, and academic scores. Please refer to the *Home Educator's Manual* (page 5) for instruction in using this record.
